# POCKET DIRECTORY

## Physician Consultation Line

phone (414) 266-2460 / (800) 266-0366

## Central Scheduling

phone (414) 607-5280 / fax (414) 607-5288

Check out what is new at [childrenswi.org/medicalprofessionals](https://childrenswi.org/medicalprofessionals).

# Notes

## Welcome

In this edition of the pocket directory, we have added information to help guide referring physicians, providers and their staff in areas where we get frequent questions.

We hope that you find this extra guidance helpful.

Feedback welcome at  
[mdconnect@childrenswi.org](mailto:mdconnect@childrenswi.org).

# Physician Consultation Line

phone (414) 266-2460 / toll-free (800) 266-0366

- Urgent or non-urgent consultation with a specialist
- Discuss a case.
- Arrange a transport.
- Admit a patient.

## Central Scheduling

phone (414) 607-5280 /

fax (414) 607-5288

**childrenswi.org/referral**

\* Information required for **ALL ambulatory referral and ancillary orders**. Failure to provide this information will cause a delay in scheduling your patient's appointment.

- *Patient name and DOB*
- *Patient address and phone*
- *Name of parent or legal guardian*
- *Department referring to*
- *Diagnosis*
- *Referring provider name*

\* Referrals to **OT, PT, Speech** require an ordering provider signature

- *Forms available at **childrenswi.org/forms***

## — 4 ways to send referrals —

**EMR**

### **Submit an external referral order via your EMR. \***

Referral goes directly to our EMR and Central Scheduling will call your patient to schedule. Great way to share patient records.

**Online**

### **Submit online at [childrenswi.org/referral](http://childrenswi.org/referral).**

Central Scheduling staff will call your patient to schedule an appointment. This online form is not appropriate for any time-sensitive requests, lab or imaging orders, or ambulatory referrals to dental, neuropsychology, speech, physical or occupational therapy.

**Fax**

### **Send order to Central Scheduling at (414) 607-5288.**

Please send each patient's information under a separate cover sheet.

**Phone**

### **Call Central Scheduling at (414) 607-5280**

**Ambulatory Referrals**

*\* To learn more about how to enter an external referral from your EMR directly to Children's Wisconsin Epic, please contact a physician liaison.*

## Lab

[childrenswi.org/labs](http://childrenswi.org/labs)

- \* **Signed orders are required and must include all demographic information.** All orders should be sent to Central Scheduling by fax at (414) 607-5288. Please ask families to **allow 24 hours** to process order and then call Central Scheduling at (414) 607-5280 to schedule appointment.

- Order forms available at [childrenswi.org/forms](http://childrenswi.org/forms)

### **Frequent user of Children's Wisconsin lab?**

**Contact a physician liaison to set up an Epic Care Link account with order entry.**

- \* Lab scheduling is also available in MyChart.
- \* When Central Scheduling is closed, the ordering provider can call (414) 266-2554, 24/7 for urgent, after-hours or same-day needs.

- Lab appointments are **required**.

**Find Lab services  
at these Children's Wisconsin locations:**

- Appleton Clinic
- Delafield Clinic
- Kenosha Clinic
- Mequon Clinic
- Milwaukee Hospital campus
- New Berlin Clinic

\* *Hours of operation may vary. Please refer to **childrenswi.org/labs** for the most up-to-date information.*

## Imaging

phone (414) 266-3100

**childrenswi.org/imaging**

- \* **Signed orders are required and must include all demographic information.**  
All orders should be sent to Central Scheduling by fax at (414) 607-5288. Please ask families to **allow 24 hours** to process order and then call Central Scheduling at (414) 607-5280 to schedule appointment.

- Order forms available at **childrenswi.org/forms**

- Appointments **required** for all imaging except plain film X-ray.
- If your patient needs a plain film X-ray and plans to go directly to a Children's Wisconsin site, please give them a paper copy of the order as they may arrive prior to order being processed.

### **Frequent user of Children's Wisconsin imaging?**

**Contact a physician liaison to set up an Epic Care Link account with order entry.**

- \* Contact File Room to request or send us images at (414) 266-3125 (phone) or (414) 266-3107 (fax).
- \* For urgent needs or to contact the imaging manager on call, please call the Children's Wisconsin operator at (414) 266-2000.

**CENTRAL SCHEDULING** phone (414) 607-5280 / fax (414) 607-5288

Medical Director

**David Gregg, MD** (414) 266-2523

Imaging Director

**Joseph Adam** (414) 907-4979 [jadam@childrenswi.org](mailto:jadam@childrenswi.org)

**Find Imaging technologists  
at these Children's Wisconsin locations:**

- Appleton Clinic (920) 967-8115
- Delafield Clinic (262) 646-9814
- Greenfield Clinic (414) 604-7520
- Mequon Clinic (262) 518-2667
- Milwaukee Hospital campus
- New Berlin Clinic (262) 432-7709

## Access Center

phone (855) 331-6300

[childrenswi.org/access](https://childrenswi.org/access)

Our Access Center helps families from out of state coordinate visits to Children's Wisconsin.

They help:

- Gather medical records
- Coordinate and schedule appointments
- Assist with financial approvals and lodging

## Hospital, Clinic, Pharmacy and Urgent Care Locations

[childrenswi.org/locations](http://childrenswi.org/locations)

### Hospitals

**Children's Wisconsin Milwaukee Hospital** (414) 266-2000  
8915 W. Connell Ave., Milwaukee, WI 53226

**Children's Wisconsin Fox Valley Hospital** (920) 969-7900  
130 Second St., West Pavilion, Neenah, WI 54956

### Clinics

**Child Development Center** (262) 432-6600  
13800 W. North Ave. Suite 120, Brookfield, WI 53005

**Children's Wisconsin Appleton Clinic** (920) 969-5353

## Specialists

### **David J. Beste, MD**

Interests: Endoscopic sinus surgery, airway reconstructive surgeries, otitis media, care of complex patients

### **Joel Blumin, MD**

Interests: Voice, throat, neurolaryngology, laryngeal biomechanics, spasmodic dysphonia

### **Robert H. Chun, MD**

Interests: Congenital head and neck masses, reconstructive tracheal and laryngeal surgery, salivary control, sleep apnea, swallowing difficulties and vascular anomalies

### **Valerie A. Flanary, MD**

Interests: Congenital head and neck masses, craniofacial disorders, hearing loss and otitis media

### **David R. Friedland, MD, PhD**

Interests: Cerumen removal, hearing disorders, hearing loss, mastoiditis, otitis externa (swimmer's ear), otitis media

### **Michael Gorelik, MD**

### **Steven A. Harvey, MD**

Interests: Neurotology, otolaryngology

**Joseph E. Kerschner, MD, FACS, FAAP**

Interests: Airway reconstructive surgeries, congenital head and neck masses, otitis media and vocal fold dysfunction

**Satish Kodali, MD**

Interests: Cerumen removal, nosebleeds, obstructive sleep apnea, otitis externa (swimmer's ear), otitis media, sinusitis, tonsillitis

**Timothy J. Martin, MD**

Interests: Congenital head and neck masses, sleep apnea and vocal fold dysfunction

**Michael E. McCormick, MD**

Interests: Airway obstruction and reconstruction, cleft lip and palate, head and neck masses, voice issues, otitis media and tonsil disease

**Sachin S. Pawar, MD**

Interests: Facial reconstruction, nasal airway obstruction, microtia and ear reconstruction, facial paralysis, facial trauma, and vascular and pigmented birthmarks

**John S. Rhee, MD**

Interests: Facial reconstruction, nasal airway obstruction, microtia and ear reconstruction, facial paralysis, facial trauma, and vascular and pigmented birthmarks

**Thomas C. Robey, MD**

Interests: Airway reconstructive surgeries, congenital head and neck masses, cystic fibrosis-related sinus surgery, thyroid surgery and vocal cord paralysis

**Sophie G. Shay, MD**

Interests: Airway reconstructive surgeries, congenital head and neck masses, thyroid surgery, swallowing disorders, sleep apnea and sinonasal disorders

**Advanced Practice Providers****Kathleen Dreyer, APNP****Kristina L. Keppel, APNP**

Interests: Cerumen removal, foreign body in ear, nose and airway, hearing disorders, nosebleeds, obstructive sleep apnea, otitis externa (swimmer's ear), otitis media, sinusitis, tonsillitis

**T. Roxanne Link, APNP**

Interests: Cerumen removal, epilepsy, foreign body in ear, nose and airway, hearing disorders, nosebleeds, obstructive sleep apnea, otitis externa (swimmer's ear), otitis media, sinusitis, tonsillitis

**Laurie A. Newton, APNP**

Interests: Cerumen removal, otitis media and sleep apnea

**Maria A. Park, PA-C**

Interests: Cerumen removal, foreign body in ear, nose and airway, hearing disorders, nosebleeds, obstructive sleep apnea, otitis externa (swimmer's ear), otitis media, sinusitis, tonsillitis

**Sharon K. Schroeder, APNP**

Interests: Ear and nasal foreign body removal, hearing loss, nosebleeds, otitis media and upper airway obstructions

**Jennifer K. Thompson, FNP**

Interests: Cerumen removal, foreign body in ear, nose and airway, hearing disorders, hearing loss, nosebleeds, obstructive sleep apnea, otitis externa (swimmer's ear), otitis media, sinusitis, tonsillitis

**Michelle L. Trampe, APNP**

Interests: Tracheostomy dependence

## Specialists

### **Jonathan S. Ellison, MD** (414) 266-3794

Interests: Hydronephrosis, hypospadias, undescended testes, vesicoureteral reflux, kidney stone management and treatment and neurogenic bladder

### **Travis W. Groth, MD** (414) 266-1656

Interests: Bladder exstrophy epispadias, kidney stone management and treatment, robotic-assisted laparoscopic surgery, UPJ obstruction, undescended testes and vesicoureteral reflux

### **Elizabeth B. Roth, MD** (414) 337-7757

Interests: Ambiguous genitalia, bladder exstrophy epispadias, hydronephrosis including prenatally detected, hypospadias, kidney stone management and treatment, neurogenic bladder, robotic-assisted laparoscopic surgery

## Advanced Practice Providers

### **Matthew J. Armstrong, APNP**

Interests: Urinary tract infection, circumcision evaluations, incontinence and vesicoureteral reflux

### **Katherine E. Aussem, APNP**

Interests: Urinary tract infection, circumcision evaluations, incontinence, neurogenic bladder, pelvic floor biofeedback and vesicoureteral reflux

**Coleen W. Rosen, APNP**

Interests: Bladder exstrophy epispadias, urinary tract infection, circumcision evaluations, hydronephrosis, incontinence and vesicoureteral reflux

**Heidi H. Vanderpool, APNP**

Interests: Urinary tract infection, circumcision evaluations, incontinence, pelvic floor biofeedback, sacral neuromodulation and vesicoureteral reflux

**Find Urology specialists  
at these Children's Wisconsin locations:**

- Appleton Clinic
- Delafield Clinic
- Kenosha Clinic
- Mequon Clinic
- Milwaukee Hospital campus
- New Berlin Clinic
